

MACE, Brayford Pool Campus – University of Lincoln

Project Brief

Refurbishment of the existing MHT Building at ground and second floor to provide a new media archive and office facility for the Media Archive for Central England (MACE)

Project Summary

The building was refurbished over the summer of 2011 whilst working alongside the Campus radio station. Various rooms at ground floor level were altered to provide a new temperature controlled archive store room with roller racking installation. Six new office rooms and two large new seminar conference rooms for flat teaching space were also provided.
